GLOBAL HUMANITY NEW EARTH DECLARATION

WE ARE THE PEOPLES OF PLANET EARTH. We recognize the interconnectivity of all Creation as a unified field.

WE HONOR THE INBORN freedoms, rights, sovereignty, and inherent equality of all beings.

WE BELIEVE EVERY individual is vital and has purpose. We support cultural and geographic diversity as necessary within a peaceful global community.

WE BELIEVE RENEWABLE natural resources to be Earth’s blueprint for sustainability and our own. Therefore, we mirror natural design, utilizing all resources for benevolent purposes.

TO COLLECTIVELY THRIVE, we co-create through dynamic heart-centered collaboration as a basis for an abundant New Earth.

UNITED AS ONE, we consciously prioritize cooperative access to essential shelter, food, water, healthcare, and education as human rights.
